Community News

Come and explore the outdoors with Connor and the Parks & Recreation Department every Tuesday/Thursday for the Winter Exploration Program. This program is meant for everyone to enjoy the BORA trail system in Morley Wilson Park at no cost. Your last chance to take advantage of this free programming is on March 24, 2022. This program was made possible by the Community Initiatives Fund.

Community Initiatives Fund

The Town is pleased to announce that the ice in the Mel Hegland Uniplex will be kept longer for the Ice Wolves as they go through the playoffs. This means the ice will be available for all functions until at least March 23, 2022; maybe even later.

Municipal News

Public Works

In order to properly remove snow from Town streets and provide adequate driving lanes, we kindly ask residents to:

- NOT shovel snow from their driveways/sidewalks into the street
- Refrain from placing garbage containers on the street for extended periods of time before or after pick up
- Remove vehicles from streets where snow removal is scheduled
- Please be patient and take your time when encountering our snow removal equipment

For information regarding snow removal, please refer to the Town's website www.laronge.ca/snow-removal. Helping out in these areas increases the efficiency of snow removal and helps out our Public Works crew - who thank you for your cooperation!

Reminders

- Street parking is only for 48hrs.
- You can renew your dog license by coming to the Town office. Call Darryenne 306-425-2234 or drop her an email reception@laronge.ca
- Unpaid taxes from 2021 will have a 5% penalty added in January & July

Safety Tips

Fire Hydrant

To help out the La Ronge Regional Fire Department, please clean and shovel out hydrants on your property. This allows our members, in the event of an emergency, to quickly hook up a hose to a hydrant and save valuable time in responding. Please make sure that you keep areas around the hydrant clear and accessible for everyone's safety.
